BCI at a Glance

BCI is a global investor that seeks investment opportunities in quality assets. We invest patient capital in stable companies that produce consistent cash flow and appreciate over time. We invest for the long-term, utilizing the scale of assets under management to our advantage. As an active asset manager, we use sophisticated strategies to increase the probability of meeting our clients' actuarial rate of return.

MANAGING RISK

Risk management is integral to our fiduciary role. It's the process in which we identify, evaluate, control, monitor and communicate risks and opportunities.

PROXY VOTING RECORD

We share our proxy voting record, and believe that voting is an important shareholder right. It fosters good corporate governance and accountability, and reflects our commitment to engagement.

POOLED FUNDS

Our product line is diversified by asset class, region, and style. Similar to a mutual fund, the pooled fund combines client contributions then invested in securities and other assets.
